

CUTWATER 30 CB

The C-30 CB is the Command Bridge version of the stylish C-30. It features upper and lower helm stations for expanded cruising options. With seating for four on the command bridge and a reversible helm seat that flips to face the aft seat and table, you and your guests can enjoy the best view in the harbor. The C-30 CB features a retractable fiberglass command bridge dash for trailering that enables distant locations to be within easy reach. Access to the command bridge is made safe via secure stairs and hand rails.

This family cruiser offers all the advantages of Cutwater's exclusive stepped keel hull design, in a large boat that provides spacious interior room, a long list of standard features and comfortable onboard living. An ingenious new cockpit seating arrangement welcomes up to seven adults without crowding, and a euro-style galley conceals appliances beneath a hinged counter-top that is ideal for buffet or refreshment service.

The Cutwater 30 Command Bridge accommodates six guests in three separate berths, for exceptional privacy and comfort even on extended cruises. On the foredeck, two flush hatches open to reveal cushioned, secure observation seats, along with a central forward lounge. Add to this a long list of other features, and the reliable performance of the 440-h.p. Volvo diesel engine for efficient express service to distant waterways, and you have a versatile cruiser that ensures unsurpassed enjoyment, year after year.
